Payment Guidelines

As of: 1/15/08

LCGL currently operates 2 "sessions" a month. The first session is from the 1st to the 15th of the month, and the second session is from the 15th to the last day of the month.

Models are paid 55% of all funds received for their account.

Payments are sent through Epassporte (www.epassporte.com). Epassporte allows you to get a debit card to retrieve your funds, or for US citizens you may withdraw the funds to a checking account. If you have trouble signing up, we can help you create an account.

Payments are processed at the end of the session following the session in which the funds were earned. All funds are typically sent within 5 days of the start of processing. So for example:

January 1 – Session Starts

January 1-14 – Money is earned (example, \$100)

January 15 – New session begins

February 1 – New session begins, and processing for January 1-14 session begins

February 1-5 – Payments are sent to broadcasters via Epassporte
